

Here we are and once again summer has arrived in sunny Florida. Please remember that with summer sun comes the summer creatures, which includes poisonous snakes. Please, keep your eyes open especially if you have small children and/or pets.

A lot is happening in Sea Colony since the weather has warmed up, I see people walking, riding bikes, playing shuffle board and in the pool. Please be kind to one another and follow rules—they are there to keep you from getting hurt. For those of you that ride bikes, please be considerate of others and ride on the side of the road so cars may safely go around you.

I have included some information in this issue of the newsletter regarding the “Hammock Community Association Meeting” and the “HCA A1A Cleanup” for those of you that may want to become more involved in the greater community around us.

I also included some information on Sea Turtle Season which begins May 1st. I have been told that only 1 in 1,000 baby turtles make it to adulthood so they need as much help as we can give them.

The “Tropical Pool Side Party” is May 6th and the last day to register was May 1st, if you missed the cut-off date for registration you can catch the next pool side party in the fall. This is a great party hosted by Brenda Green and Denise Becker. If you have not attended one of them, now is the time.

The Social Committee is gearing up for the 4th of July party which is also a lot of fun. More information will follow in the June newsletter.

## **PROTECTING MARINE LIFE**

### **Turtle Nesting Season**

**May 1 through October 31**

Following are a few guidelines taken from the Marine Turtle Protection Guideline, if you want more information you may contact: Flagler County—1769 E. Moody Blvd., Bldg. 2—Bunnell, FL 32110.

#### **Sea Turtles Dig the Dark -**

No house lights on or near the beach after 9 p.m. during sea turtle nesting season!

#### **Do Not Harass a Turtle**

Do NOT disturb nesting females or hatchlings after dark.

- No flashlights
- No lanterns
- No flash photography

#### **Remove Beach Litter**

Litter causes many sea turtle injuries and deaths, especially when mistaken for food. ALWAYS properly dispose of:

- Balloons
- Beach balls
- Kites
- Fishing line
- And all items made of plastic, rubber or latex

Also, if you or your children have dug holes or made sand castles while on the beach, please remember to level the sand castles and fill in ALL holes before you leave. A turtle can get stuck in a hole and not be able to go anywhere as well as possible getting hurt.
