

Sea Breeze

May 2018
Volume 20 Issue 3

For every season

As we look forward to summer and losing some folks for cooler weather and greeting some for the beach, it is a great time to reflect on all that's happened in the last year.

Our dunes look fantastic Thank you to the dedicated team of people who mobilized, got information to the Board, MobiMats, fences and plantings to protect the fragile barrier between us and the ocean. Thank you to the Board for responding and carrying through. Our plantings look healthy and residents are very aware of the damage that walking on the dunes can cause.

Sea Colony Drive is welcoming The live oaks are sorely missed but the new plantings are taking root. The access to the sidewalk and new curbs really add visual appeal and easy maneuvering for all. The new signs on A1A are stunning.

Our residents care Not sure how many HOA's are as fortunate as ours to have so many qualified candidates for the Board. Many thanks to all of you who took the time and effort to run. Our new Board has a challenging year ahead and will need the patience, understanding and assistance from all of us to succeed.

If you're heading out for a few months, safe journeys. If you're staying or coming for the summer, we're glad to share the fabulous beach with you.

Next edition will be in September

Cathy Campbell

Thank you, Jerry!

After 8 years as our security guard, Jerry retired on May 1st. Thanks to all who contributed! We sent Jerry off with \$1575, a gift certificate for Outback and a nice bottle of champagne and welcomed his replacement, Dan. Jerry will be a fill in-Sea Colony is a hard place to stay away from.

We all have problem areas in our homes. Some are small and easy fixes and others are large, expensive projects. Here's how one of our neighbors solved theirs:

Carolyn and Tom Walters of Avalon Terrace wanted to expand their living space outdoors and

transform a small yard into an inviting part of their home. After drawing up plans, they moved the flagstones to make a meandering flat path that's easy to walk on. The stones are held in place with a combination of paver and a crushed stone.

A wooden deck followed after recruiting their soon to be Citadel freshmen grandson to help.

Plants are abundant with a drip system feeding all of them. Their line of crepe myrtles was cut down to the nubs to remove hurricane damage and are coming back beautifully. A fountain is a work in progress and another step will be added on their side door to finish the project.

Howl at the Moon Orlando

Board meetings: 1st Thursday

Discussion 6:30 pm

Meeting 7 pm

ARC: last Tuesday

Social Committee: 3rd Monday, 6:30 pm
